Picture Flashcards –

EW

For the EW flashcards, I've included a variety of different types of words, so you can focus on those (or do a mini-lesson using them) if you'd like.

There are:

- 4 simple 3 letter words (new, pew, few, dew)
- 5 simple 4 letter words (drew, flew, blew, crew, grew), with an extra 5 letter word (screw) – useful for looking at beginning blends
- 3 longer/tricker words (jewel, view, fewer) – 'ew' is rarely in the middle of words, unless it has a word ending (e.g., crewing), so jewel is unusual. I've included 'view' because the 'i' makes it tricky – I'll also use it with 'interview', to help build the skill of recognising smaller words within words (same with few/fewer)
- 4 compound words (corkscrew, dewdrop, screwdriver, honeydew).

These different types of words make it easier to use them to teach specific skills – I hope you find these helpful! Please let me know of other ways you use these cards, or other skills you target with them.
