IGH Wall Words

IGH
Wall Words/
Flashcards

IGH words can be so tricky when kids don't know them, and so easy once they get the hang of that silent GH (until words like 'rough' and 'laugh' trip them up again).

In this set, there are:
- 5 simple IGH words (high, light, night, sight, fight)
- Knight (a bit of a stand alone, but good for reinforcing 'KN')
- 3 IGH words with initial blends (fright, flight, bright)
- 7 compound words - these are a great way to build student confidence with longer words, by helping them recognise smaller words within larger ones (stoplight, streetlight, daylight, nighttime, spotlight, lightbulb, tightrope).
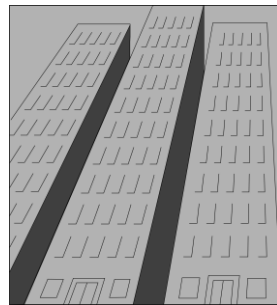

Hope these different word groupings help you to both differentiate more easily and target different word patterns/reading strategies.
