Picture Flashcards – TCH

For these TCH flashcards, I've included a variety of different types of words, so you can focus on those (or do a mini-lesson using them) if you'd like.

There are:

- 6 simple TCH words: watch, catch, witch, match, hatch, patch.
- 3 TCH words with beginning blends: crutch, blotch, stitch
- 8 plural TCH words (adding 'ES' rather than 'S'):) catches, hatches, witches, matches, patches, crutches, blotches, stitches. These are a mixture of nouns and verbs, so you can use them to teach both plurals and verb tenses.
- 4 TCH verbs with 'ing' endings: stitching, catching, hatching, patching
- 4 compound words: matchbox, pitchfork, stopwatch, eyepatch

I often use different groups of words to review the 'tch' phoneme on different days. I might start with simple TCH words on Day 1, moving to plurals, verb endings and compound words on subsequent days, depending on student readiness. Different words can also be used with different reading groups, if that is appropriate for your class.

I'd love to hear from you if you use these!
