QU Review Activities

The North Lanarkshire Stage 2 programme begins by reviewing some of the Stage 1 phonemes. These cards and activities were made to allow my children working on Stage 2 phonemes to practise and review the phonemes they'd learned previously.

In this file, you'll find:

- Green cards for the 'Hula Hoop' game (see my blog on the main 'My Blog' page for how to play this). Again – QU is one of those phonemes where there just weren't enough words to make yellow 'challenge' cards.
- A simple 'Silly Story' card with 6 of the 'qu' words. I would have my class write a simple 'silly story' using the words on this card. I always modelled writing silly stories before setting this as a task. Sometimes, the words don't go together very well, so you can get some very amusing stories indeed.
- A complete writing template for a story about a queen and a quail.
- Abbreviated task sheets, asking your children to write a story about a queen and a quail. I often used these, as it saved on photocopying – the child just pastes the story prompt into their jotter and writes the story in their jotter.

I hope you find some or all of these tasks useful!

How did the Queen and the Quail become friends?

Your story is about a queen and a quail who become friends. Tell me

- where the queen and the quail meet.
- Why does the queen like the quail?
- Why does the quail like the queen?
- What fun things do they do together?
